Kuwait, Germany discuss economic ties

Members of the Kuwait's Chamber of Commerce and Industry discussed in Kuwait Sunday with a German delegation chaired by the official of the Federal Ministry of Economics and Technology Bernard Welterb the ways of boosting the joint relations between the two countries.

Meanwhile, member of the board of the Chamber of Commerce and Industry Abdul Wahab Al-Wazan hailed in his address, during the meeting, the ties between the State of Kuwait and the Federal Republic of Germany in all fields and in particular the economic and commercial ones. He also stressed his Chamber's interest in and keenness on activating the trade exchange between the two friend-

ly countries.

On his part, the German official said that the aim behind this visit is to strengthen economic relations between the two countries, noting the regional significance of the State of Kuwait in the Middle East and showcasing some investment and commercial opportunities in his country that are available to the Kuwaiti investors, and at their forefront come tourism, health, banks etc.

The German delegation includes a number of the representatives of the specialized firms in the field of health, hospitals, clinics, medical labs and appliances, science and technology. (KUNA)
